Vet Technician Special Interest in Dentistry

We are a AAHA accredited 24 HR Veterinary Hospital.

we are looking for a full time Dental Technician.

This position involves working weekdays. This technician must have exceptional communication skills as you engage with both clients and our staff / veterinarians.

As a Dental Technician you should be able to demonstrate proficiency in all aspects of basic and advanced animal care (Anesthesia and Ventilator Experienced Technician) to include, but not limited to: animal restraint, administering oral and injectable treatments, placing IV catheters, taking x-rays, drawing blood, running lab tests, and operating and maintaining diagnostic equipment. proficient surgery skills are required, must have previous hands-on experience in an operating room, pre- and post-op care, and anesthesia monitoring experience along with excellent customer care with basic computer skills.

The successful candidate will be compassionate about working with animals, work well with others, possess strong work ethics, and be able to work independently and provide the highest quality patient care with exceptional client service.

If you meet or exceed these requirements and desire to work with a team of dedicated professionals who are making a difference, please submit your resume and application for consideration. Benefits are available for Full Time employees.

Posting date: Feb. 12, 2018

All job posts will be held for 90 days, at which time it will be removed. If further posting is necessary, please resubmit your Info Sheet.
